

Thomas L. Herriges Joins Quanex Building Products Corporation to Lead Window & Door Systems Business

January 23, 2013 1:25 PM ET

HOUSTON, Jan. 23, 2013 (GLOBE NEWSWIRE) -- [Quanex Building Products Corporation](#) (NYSE:NX) announced today that Thomas L. Herriges has joined the company as General Manager of its [Window & Door Systems business](#) (W & DS), effective Monday, January 28. Mr. Herriges will oversee all of W & DS, a leader of vinyl extrusions for the fenestration industry, and report to Dave Petratis, Quanex president and chief executive officer.

"I am very excited about the outstanding experience that Tom will bring to Quanex and our W & DS operations," said Petratis. "He has excellent knowledge of world class manufacturing processes to guide our teams in all areas of operations. He has a long history of successes in product development, customer service and manufacturing improvements through lean methodology."

Tom was previously Director of Operations for Honeywell International / Autolite LLC and Manufacturing and Supply Chain Manager for 3M Manufacturing and Supply Chain Services. Tom graduated with Honors from the University of Minnesota with a BS in Mechanical Engineering and earned his MBA from the Paul Merage School of Business at the University of California, Irvine.

Quanex Building Products Corporation is an industry-leading manufacturer of value-added, engineered products and components, serving the energy-efficient building products markets.
